

MVP acceptance - reading

Research question: does a fixed workspace reduce navigation effort?

This synthetic paper is used only for Scientify acceptance testing.

Select this sentence to send its exact context to the AI assistant.

Local PDF pages should remain readable when the right dock is open.

A research note should retain its title and source page after navigation.

MVP acceptance - findings

Observation: the literature reader retains the selected page.

Experiment result: three workspace areas remain visually distinct.

Conclusion: evidence should stay linked to its source document.

The values in this fixture are illustrative and are not research claims.

End of the two-page synthetic acceptance document.
